

DEDICATED TO DEVELOPMENT

The Rochester Jr. Americans are committed to maximizing the potential of every player, regardless of age, team or skill level. Our training program focuses on skating, agility, puck control, shooting and passing. Creativity and hockey sense are developed through fun drills that mimic real game situations. We prioritize player development over winning, as strong individual skills lead to team success.

No matter where a player is in their hockey development, our programs help them reach their full potential in a fun and welcoming environment. Every Jr. Amerks player, from our House teams to Tier I (AAA) teams, follow a specific skill development plan tailored to their age and level of play.

READY TO HIT THE ICE?

The Jr. Amerks have a team for every kid who wants to play hockey. Our goal is to help young players build skills, confidence and a love for the game that lasts a lifetime.
